## ESG Best Reads: ESG Bookstore + Reference Center

Princeton, NJ

## ESG Bookstore:

Our bookstore is focused on the most recent and relevant literature within the topics of the ESG - environmental, social and governance - spectrum. Whether you're a seasoned corporate ESG professional, a graduate student or a curious young reader, we have the best selection of books to cater to your interests. We have qualitatively selected 500 ESG books published from January 2024 onwards and will continue to provide new and relevant pieces of literature when available!

## ESG Training Programs:

Through our Read and Certify program, we provide ESG training programs for various age groups. These programs consist of comprehensive modules covering all aspects of ESG topics with those who participate receiving certificates upon successful completion.

## ESG Books Reference Center:

Need to review materials to write a paper or complete research for a project? Reserve time in our reference center where you'll have access to the latest 500 ESG books. The center is available for use daily by appointment only with a per hour fee charge. New books are added monthly.

## ESG Research Data Center:

In addition to our bookstore and reference center, our data center provides a regularly updated global collection of the latest ESG reports and datasets from companies and independent sources. Access to the data center is by appointment only with a per hour fee charge.
