150 CURATED BOOKS

Sustainability • Environment • Climate • Sustainable Everyday Living

ECO-LITERACY ACROSS EVERY AGE

Discover books that grow with your child—from curiosity to climate action.

AGES 5-6

KINDERGARTEN

Books introduce children to nature, simple environmental stewardship, and everyday actions that help care for our planet.

AGES 7-10

ELEMENTARY
SCHOOL

Books introduce real-world sustainability, environmental science, climate solutions, and the power of collective action.

AGES 11-14

MIDDLE SCHOOL

Books explore sustainability, climate change, ESG concepts, environmental issues, policy, and how young people can take meaningful action.

ECO-LEADERSHIP PATHWAY

LEVEL-I

START YOUR PLANET
READING JOURNEY

Introductory books that spark interest and build a foundation in sustainability.

LEVEL-II

ELEMENTARY SCHOOL

Books introduce broader sustainability concepts and encourage deeper thinking about environmental and social issues.

LEVEL-III

BECOME A PLANET LEADER

More advanced books encourage independent thinking, deeper understanding, and discussion of sustainability challenges and solutions.
